Subject: Data Layers Request From the City Clerk's Office
Date: Friday, May 6, 2016 12:24:08 PM

Good Afternoon,

Miranda Pastor from the City Clerk's office is requesting information from BIDs regarding Data Layers. Please see the email below and submit responses to miranda.paster@lacity.org. Thank you!

Have a great day,

Hello,

In an effort to comply with the Mayor's goal of "Big Data and Transparency", I asked the BIDs to let me know what data they would like to see on our website (at BID Consortium meeting). I don't believe that I have received one response. I want to see if I can get data on our website that might be helpful to the BID business. I am thinking of data such as tax collections in the City, list of businesses, real estate information (e.g., office space/buildings available for lease/sale, visitor/tourism information, census data, contact information for nonprofit organizations with contracts to help homeless across the City.

Do you have any information that you would like to see added?

Thank you.
